Before joining creditshelf, he worked in this role for a leading German-American vendor of IT automation technologies, using them to facilitate modernization and digital transformation in the financial industry. Because it's written as a memoir by a scientist with extensive footnotes, it looks and feels like it should be dense. I currently live in England but maintain close links to Germany through frequent visits, both personal and business related; German TV and films; closely following current affairs by way of newspapers and magazines and of course masses of reading covering 18th, 19th and 20th century literature, some of which I access through audio books.
