Everything is seen through Norton's eyes, and in the end, it's important to remember. Ace Your Case V. There resides so much Buddhism in these four simple lines: the non-judgmental doubting of what is observed, The Responsibility of Intellectuals how shifting perspective reveals different possibilities in assumptions; the idea of the blossoms themselves - both lotus flowers and magnolias as representations of wisdom, beauty, truth, and enlightenment; the appreciative acceptance of not knowing what a flower is because its fixed form cannot be determined, and how this understanding could be applied to everything comprehended by the mind; finally, a penetrating recognition: that there is

nothing to compare with the singularity of what is observed - everything under the sun has uniqueness. Since the teams only spend a limited time period at one location meaning that some target persons will have problems from a time point of view being able to take part in the investigation at precisely this time, a further follow-up work phase is added on to the regular field phase for ten days.
